This weekend’s production of “Mary Poppins” at The Palace Theatre in Greensburg will be rescheduled for next month at Greensburg Garden & Civic Center due to a glitch in securing the rights to the show and a turnover in the local producers. Performances were originally scheduled for July 14, 15, 16 at The Palace Theatre, 21 West Otterman Street, Greensburg, PA.

The show will now be staged at Greensburg Garden & Civic Center (951 Old Salem Road, Greensburg, PA) with three **performances on Thursday, August 10 at 7:30 PM; Friday, August 11 at 7:30 PM and Saturday, August 12 at 7:30 PM**. Originally scheduled through C&B Productions, the show is now being produced by Applause Productions, a locally-based group of theatre enthusiasts and approximately 40 community cast members that has been rehearsing the production for several months. Applause Productions worked quickly to make arrangements to secure the rights – which publishers could not grant for this weekend - and for sets, costumes and other technical elements. The busy event schedule at The Palace Theatre did not allow for five or more available consecutive days for technical rehearsals and shows in the near future, thus the change of venue to Greensburg Garden & Civic Center’s auditorium. The character Mary Poppins will not ‘fly’ at Greensburg Garden & Civic Center, as the stage does not contain a ‘fly system’ to technically do so. Director is John Carosella with Cindy Baltzer as Musical Director and Rachel Nicely as Choreographer.

*Cast List –*
